Travel Advisory: Tanker Rollover Closes Down State Road 32

Westfield, IN- Thursday morning a tanker rolled over at Casey Road and State Road 32 in Westfield. State Road 32 is closed between Ditch and Spring Mill Road as crews work to clean up the area.

The driver was trying to avoid hitting another vehicle by attempting to turn North on Casey Road when the driver overturned the vehicle. The driver was not injured in the accident.

The diesel tanker is resting on a support beam of a utility pole. The tanker is not leaking fuel, but the tank needs to be emptied before it can be removed. State Road 32 could be closed up to eight hours as crews work to empty the tanker and make sure the utility pole is secure.

"Please be patient as crews carefully and cautiously clean up the wreckage," says Westfield Police Chief Joel Rush. "Luckily no one was injured during the accident, but we want to make sure the clean-up is done properly to ensure everyone's safety. Thank you for your patience."
